U. S. COAST SURVEY
A. D. BACHE SUPERINTENDENT
SKETCH F
Showing the Progress of the Survey in
SECTION VI
With a General Reconnoissance of the
COAST OF FLORIDA
1848-61
Scale 1:200,000
1861

The Triangulation of the Florida Reefs and Keys, appears on Progress Sketch F, Sec. 6, Lower Sheet. Scale 1:60,000

This Sketch of the Western Coast of Florida is based on a reconnoissance & observations by F. H. Gerdts Asst. U.S.C.S. on reconnoissances and a sketch by Capt. Casey U.S.A. & on the Maps of the Topographical Engineers. The triangulations and reconnoissances on the Florida Keys & vicinity (shown in the succeeding sketches) were made by parties on the Coast Survey.

For detailed information concerning the Western Coast of Florida see Gerdts' reconnoissance in annual report of 1851.

The Reconnoissance of the Eastern Coast of Florida to Miami R. was made by Maj. H. Prince, U.S.A. Assist. U.S.C.S.

A ..... Signifies Astronomical Station
M ..... " Magnetic Station
X ..... " Current Station
T ..... " Tidal Station
——— Lines between secondary occupied stations
– – – – do do do occupied and unoccupied stations
– – – – do do do unoccupied stations
